It has been almost two years ago since history has been written in the in the 'great book of memories' of the North Sea Venue. On the 23rd of January 2010 that event is officially appointed as the hardest hardcore event held place in this famous location also known as the Hemkade. The battle between BKJN and Partyraiser created a lot of expectations among the visitors before the event. But both parties fulfil all expectations with glory and most people where blown away! So it's time to do all those good things all over ones again on the 21st of January 2012. This date makes 'BKJN vs. Partyraiser' immediately the first big hardcore party off 2012. And excuses will be hard to find for a real hardcore fan, for don't showing up at this great event.

6 hours Partyraiser
Just like last time, the place will explode when Partyraiser will take over the main stage from Holland's hardest event. With a 6 hours nonstop dj set, he will be accompanied by various "partners in crime" and will do anything to show you that Partyraiser is the hardest dj of the world!

Beter kom je Niet
But as you can expect, BKJN will do everything to show the audience that they will win this battle easily. The mainstage will be surrounded by several area's filled with the best hardcore dj's form all over Europe. This makes it possible for the visitors to wander around the different areas with different stages, where the play all types of various hardcore vibes.

BKJN area 1:
The second big area, that's behind the mainstage will be the familiar stage of BKJN with the best mainstream hardcore. To give you an idea of what you can expect, the organisation will release two names of two Dutch ladies: Day-Mar & Korsakoff

BKJN area 2:
The Darkcore and Industrial part will be in the area called: Redbull place. Here you will find a big diversity of all the darker styles. As sneak preview in the line up we will already disclose the following names: the Belgium: Igneon System and the Dutch: Mindustries.

BKJN area 3:
The hardest and fastest battle force of the BKJN army will be represented with the best Frenchcore & Terror artists. The first two names in this area are the French: Dj

Roms a.k.a Harry Potar and the Braindrillerz from Italy.

The full line up
The complete list with more then 40 dj’s will be released late October. Then all cards will be open and BKJN and the audience will know witch other dj’s Partyraiser will bring to his mainstage. And on their turn BKJN will reveal all line ups from the other areas.

European Tour
When you take a closer look to the artwork you will notice a ring of stars surrounding Partyraiser. The stars represent the European Union for two reasons: the first one is because the events from BKJN always has a lot of visitors from all over Europe and the organisation has a big respect for all those hardcore fans.
The second reason is because of the European tour that will be held next year in several countries in Europe. More information about this tour will follow later this year.
