Following a massive, sold out edition in 2012 - UDC & Multigroove are delighted to announce the line up for our eighth edition of Ground Zero Festival; Nightfire.

That it will be a blazing inferno at Ground Zero Festival this year, the only night festival in Holland, is evident from the brutal army of headliners and talent from the most obscure corners of the national and international hard dance scene. Together, this mad mix of unique artists and true Die Hard Ravers is set to ensure yet another legendary gathering on Saturday, 31st August from 22.00 - .7.00. Due to a packed, sold out edition in 2012, UDC and Multigroove have been working hard behind the scenes to expand the terrain - making room for Ruhr 'G' Beat; a dark, underground dance organization from Germany to host one special extra area!
Special treats from some of our loyal hero's include: Delta 9 playing LIVE in the Netherlands for the first time ever - and for lovers of Hardstyle a special delight will be Theracords playing LIVE only at Ground Zero this year. We can't wait!

Ground Zero Festival is also for the artists a special event. This appears out of the fact that on the festival Delta 9 will play LIVE in The Netherlands for the first time in history. For the lovers of Raw Hardstyle it will be delightful as well because Ground Zero Festival is the only festival this year in The Netherlands where Theracords will perform LIVE.
